THE SQUIRES

Well here it is 1974 and the Squires are ready to take the field again with brand new music and drill. Everyone is working hard to make this years version of the Squires the best yet.

At present, there are 31 in the color guard, 44 in the horn line and 21 in the percussion section. As you can see, we have grown in size.

In order to keep the corps moving ahead, new equipment is always needed. This past winter some new horns were added to the line, a new drum and new flag equipment are on order. The big items added were two buses. With these, we will be able to travel wherever a show should take us.

Around the drum corps world the name of the Squires is being heard. 1973 was a very successful year, our best yet. The corps placed first in the class A - U.S. open, first in the Butler class A - Invitational, first in the class A - Penn York finals and second in the New York State Legion finals.

The Pages repeated as Penn York mini champions in Waverly. The Squires and Pages are out to show that these were no mistakes.

Some of the projects the corps carried out last year to raise money in addition to prize money at shows and parades were indoor and outdoor shows, a color guard show, bake sales, raffles, tag day, selling race programs and selling tickets for benefits by Mr. Chicken. As you can see, the members work hard on and off the field.

A special thanks should go to St. Mary's of the Lake Catholic Church for the use of the center, to the Youth Commission and the Watkins Glen

Central School for arranging the use of the school buses and practice space.

The Squires and Pages want to say "Thank you very much" to all the people who support us. We sincerely hope you will continue to help us, as we need your continued interest and help. We are proud of you, proud to represent Schuyler County and proud to be known as the "Musical Ambassadors of Schuyler County."
