DEDICATION — 1982

DENNIS MORRIS and JOSEPH D. SPENA

It is a natural to dedicate this yearbook to Denny and Jud. They have worked tirelessly as a team for the Squires and Pages since the very beginning.

Jud and Denny marched together, played together (usually the same tune), learned together, taught together, and generally supported this organization as a team for all of the years of its existence.

If there are any two individuals most responsible for the successes of the Squires, it is Denny and Jud. Even though the Squires, themselves, will not be on the field this year, many, many of their past successes and accomplishments are because of the efforts of these two young men. The Pages also owe a debt of gratitude to both Jud and Denny for the trails that they have blazed for drum corps in Schuyler County. They have both been interested in the mini corps from the very beginning, and their expertise has been beneficial to the Pages.

They are the "Odd Couple" of Squiredom, because of their offsetting optimism and pessimism, making their combined approach quite realistic. Without their guidance and participation, the Squires would never have enjoyed the successes that we all have experienced.

This dedication to these two exceptional workers is also a recognition of the efforts of many of their contemporaries in starting and working with the corps for so many year. The two of them, and many other fine boys and girls, grew up with the corps into positions of dedicated leadership for the corps as young men and young women. We know that our honorees were an inspiration to that entire group.

In making this dedication, the Squires and Pages hope that both Denny and Jud will remain active in this organization for many years to come.

THANKS TO BOTH OF YOU FOR SO MANY JOBS SO WELL DONE.

A MESSAGE FROM THE SQUIRES

A Letter to Squires Alumni, Fans and Supporters:

Several weeks ago we were faced with a decision which has been in front of us at other times in the past. It was decided that the Squires would not be in field competition in 1982.

This decision was made after it had become apparent that we could not field a corps of a competitive level strong enough to to earn the prize money to support itself.

For the many years of support you have given us, we again say thank you. For you former members, we hope you still remember your years in the corps with pride.

When we complete our reorganization, the Pages will be the performing unit of the Squires, so drum corps activity will continue in Schuyler County.

We hope you will continue to help them grow, so that, sometime in the near future, the Squires will return to the field, with the pride and tradition which all of you have helped create.

A MESSAGE FROM THE PAGES

At the start of the new season, we are looking both forward and back.

During the coming season, we are looking forward to marching many more miles, doing our show, having a great time and winning at states again.

Looking back, we have good memories of last year — the parades, the shows, Darien Lake, and our second consecutive Class "C" Championship.

OTHER NOTABLE ACCOMPLISHMENTS

Since starting field competition in 1967, the Squires have competed in 208 contests. In those 208 contests, the corps has placed first 79 times, made the finals of 30 class 'A' and Open class contests, achieved D.C.I. Associate status (the nation's top 25) five consecutive times and has won four consecutive N.Y.S. championships in the years 1975, '76, '77 and '78.

The Squires Brass Ensemble has compiled an admirable record in three years of D.C.I. Championship competition. In 1978 and 1980 the Ensemble placed second and fourth respectively. The quintet walked off with the D.C.I. Brass Ensemble Championship in the 1979 contest at Birmingham Southern College, scoring a 90.50.

HIGHLIGHTS AND LOWLIGHTS

The Squires' highest score in field competition came at approximately 1:00 a.m. on August 7, 1977. The scene was the rain delayed U.S. Open finals in Marion, Ohio, where the corps scored an 81.45 and placed third in the contest. Not only is the 81.45 a record for the Squires but the third place ranking is the highest ever for a New York drum corps in the 13 year history of the U.S. Open.

On the down side of things, the Squires scored a dismal 20.33 while placing 19th in a field of 19 at the N.Y.S. American Legion Championship prelims on July 19, 1969 at Niagara Falls' Hyde Park stadium.
